Simply series is a collection of structurally, very basic designs that were created for four simple purposes.

1. To enable BEGINNERS to create aesthetically & functionally high-end designs that are simplistic in principle, with minimal skill requirements.
2. To enable KNITTERS to cross over & easily access crochet in a clear, uncluttered, and uncomplicated format.
3. To take Advanced and intermediate crocheters into a highly prolific space, by providing an arsenal of well designed, easy, go-to patterns.
4. To create a landscape where all 3 groups can learn foundational structures - where the process has been pared down, enabling you to easily create your own designs & patterns based on these simplistic foundation and techniques.
